Nina, our «Pure Contortionist», is initially a ballet dancer who has attended the famous Ecole-Atelier Rudra Béjart in Lausanne (Switzerland).

She then worked all over the world as a dancer: Japan, Switzerland, Germany and even at the Moulin Rouge in Paris.

In September 2007, she decided to join the China Acrobatic Troup in Beijing to train and to learn contortion as well as handbalancing.

It is only in March 2008 that she started to present her contortion act in gold as we know it today: A pure contortion act presented with high-class!
