

Variety show - Colors Show

Category : Variety show

Published by [Magicircus](#) on 2007/12/4

An unseen and original show that combines artistic performances and visual effects.

This 35 minutes show performed by 3 people is a truly festival of colors.

The performers can juggle with lighting balls as well as create magical effects where costumes change colors.

In other words, it is hardly possible to explain. To be seen...
