The Cyr Wheel, which is performed on the floor, is the newest of this artist's stunning creations, and acrobatic exploits.

Using her natural energy, Julie's performance bursts with dynamism and explodes with spontaneity. This act offers fleeting glimpses of a shameless, and beautiful women fighting to escape the maddening lifestyle that society imposes on her.

Accompanied by a brilliant, but furious, a-capella sound track, Julie stunts on a simple wheel and astound the audience, with moments of raw power, dreamy beauty and pure sophistication.
