

Stilts walkers - Butterfly and Ladybug

Category : Performers

Published by [Magicircus](#) on 2008/6/4

This very poetic act about the Butterfly and the Ladybug brings us back to two important values in our society: Love and nature.

Marvellous story about this untouchable butterfly on stilts and this small ladybug who falls in love with her despite their differences.

In a few minutes, you will live a magical moment completed with acrobatics exercises.
