

**German Wheel - Dust'n Wheel**

**Category : German wheel**

**Published by [Magicircus](#) on 2008/9/15**

An atmospheric and beautifully visual German wheel duet (two wheels, two acrobats), with high skill acrobatics and stunning dance partnering.

This act works best in a theatre setting, though can be equally stunning in a nighttime outdoor event with lighting. However, we don't recommend it for outdoor events during daylight, as it is designed to be performed in atmospheric lighting.
